

Cathryn Elane Bailey, RN, BSN, MSN.

1521 N. Dwight Pampa, Texas

Cell 719-859-3156

Professional Experience

My experience spans over a period of 38 years as an RN. Quality Nursing and Patient Advocacy have always been a focus of my practice. I have worked as a RN staff nurse, Charge Nurse in the hospital and Medical/Surgical floor and Surgical Intensive Care. Many years, I have worked in Long Term Care, most as Director of Nursing. Rounding out my experiences includes Home Health and Hospice. These work settings have developed my knowledge in practice to lead to my success as an instructor. Teaching for Clarendon College LVN program and in Colorado RN program has been preparation for teaching in this new RN program. The success of the student insures the continuation of the Practice of Nursing at a time when the need for nurses is great.
