ACADEMIC INFORMATION

DEGREES AND CERTIFICATES

Clarendon College offers the Associate in Arts Degree, the Associate in Science Degree, the Associate in Applied Science Degree, and certificates of completion.

ACADEMIC ADVISEMENT

The advisement process begins with freshman orientation where students are assigned an academic advisor. When students declare a major, they are assigned to a faculty advisor teaching in that field. Students who have not declared majors may meet with a faculty advisor who will assist them until a major is declared.

The advisor works closely with the student in helping plan a program of study and assists the student in preparing a degree plan for each semester.

The purpose of academic advisement is: to determine and clarify career and educational choices; to relate the selection of courses to career and educational choices; to facilitate transfer to a senior college or university; to facilitate graduation from Clarendon College.

DEGREE PLANS

Each student, with the assistance of his/her faculty advisor or the Enrollment Services Counselor, will develop a degree plan early in the freshman year. If the student plans to pursue a bachelor's degree, the degree plan should reflect the degree requirements of the baccalaureate-granting institution to which the student intends to transfer, in addition to the Clarendon College graduation requirements.

If the student plans to pursue a certificate or degree in a technical program at Clarendon College, the degree plan needs to reflect only the graduation requirements for Clarendon College.

CREDIT BY EXAMINATION

A student may earn credit by examination. The College will grant credit for the College-Level Examination Program (CLEP), ACT Scores, SAT Scores, Advanced Placement (AP) or International Baccalaureate (IB). For additional information, refer to the College Catalog.

CLASSIFICATION INFORMATION

Clarendon College students may be classified in the following ways:

Freshman	Having 0-29 semester credit hours of earned college credit

Official withdrawal from a course is initiated in the Student Affairs Office. However, each student should consult with his/her academic advisor or the Enrollment Services Counselor before officially withdrawing from a course. A student who stops attending a class without officially dropping or withdrawing may receive a grade of "F" for that class.

LIMITED STUDENT WITHDRAWAL

TEC 51.907 Limits student withdraw from college coursework; Clarendon College will record and tally student non-completion (withdraw) of courses. Students are allowed six drops (withdraw) throughout their tenure of earning a bachelor's degree. Upon reaching the six course withdraw limit a student will be required to complete the course and receive the earned grade. Each academic course or course combination (lecture / lab course combinations) will count one unit towards the six withdraw limit unless extenuating circumstances exist.

A student shall be permitted more than six dropped courses if the enrollment is for a student who qualifies for a seventh course enrollment, who:

- (1) Has enrolled at the College following a break in enrollment from the institution or another institution of high education covering at least the 24-month period preceding the first class day of the initial semester or other academic term of the student's reenrollment; and
- (2) Successfully completed at least 50 semester credit hours of coursework at an institution of higher education that are not exempt from the limitation on formula funding set out in 19 Administrative Code 13.104(1)-(6) before that break in enrollment.

REPEATING COURSES

When a course is repeated, the highest grade earned will be the grade that will factor into the student's cumulative grade point average. A grade of "W" may not replace a performance grade.

TRANSFER CREDITS TO CLARENDON COLLEGE

New students who wish to have coursework completed at other colleges evaluated for transfer should contact the Registrar's Office at the time of enrollment. The College will notify each transfer student of accepted credits prior to the end of the first academic term in which they are enrolled.

INCOMPLETE GRADE

The conditional grade "I" (Incomplete) may be assigned to a student only when he/she has a justifiable reason (such as, illness or a death in the family) for not being able to complete a course within the given semester. The student should pre-arrange this grade with the instructor, and the student must not assume that such a grade will automatically be awarded. To remove an "I", the student must complete all coursework by a deadline to be determined by the instructor and approved by the Vice President of Academic Affairs. That date must not exceed the end of the next long (fall or spring) semester. Failure to complete the work by the deadline will result in the student receiving a failing grade (a grade of "F").

WITHDRAWAL FROM SCHOOL

When a student finds it necessary to withdraw from school before the end of the semester, he or she should obtain a withdrawal form from the Office of Student Affairs. Full instructions for withdrawing from college will be given at the time the withdrawal form is picked up. Students who withdraw after the census date as designated in the College calendar will be assigned a grade of "W". The last day that students may withdraw from any given semester is noted in the College Catalog. Students who withdraw to perform active military service as a member of the United States Armed Forces or Texas National Guard should inform the student services office at the time of the withdrawal.

HOLDS ON STUDENT RECORDS

A "hold" is placed on a student's grades and/or transcript when he/she fails to resolve financial obligations to the College. Financial obligations include payment of tuition, fees, library fines, or other fees levied by the College.

ACADEMIC PROBATION AND SUSPENSION

Students are expected to maintain a minimum grade point average of 2.0 in every semester. Any time a student's cumulative grade point average (GPA) falls below 2.0 that student is placed on academic and attendance probation for the next long semester. Students on Academic Probation are also on "attendance probation" and are expected to attend every class unless hindered by circumstances beyond their control. If the student fails to achieve a cumulative GPA of 2.0 or better in the semester in which he/she is on probation, the student will be placed on academic suspension. A student may appeal this action through the Admissions Committee if there are extenuating circumstances which might alter this suspension status. When on academic suspension the student may not enroll until after the end of the next long semester. After serving a one-semester suspension, students with the approval of the Admissions Committee, may be eligible to re-enter on continued academic probation. The College will notify students in writing of their status when they are placed on academic probation or suspension.

After a student has been on academic suspension, he/she must reapply for admission to Clarendon College through the Office of Admissions. A student may appeal the academic suspension decision to the Admissions committee.

CLASS ATTENDANCE

Clarendon College believes strongly that the greatest single predictor of student success is class attendance. Students are expected to attend all classes in which they are enrolled. Class attendance is the responsibility of the student. It is also the responsibility of the student to consult with all instructors when an absence occurs.

Instructors are responsible for keeping an accurate record of class attendance and for informing students of attendance requirements. Students who have attendance problems, for whatever reason, are strongly encouraged to consult with each of their instructors as well as the counselor.

NOTE: A student's attendance record may not be penalized for an excused absence. The student shall be allowed to take an examination or complete an assignment which occurred during the excused absence. This along with any other make-up work should be scheduled with the instructor. An example of an excused absence is pre-approved participation in a school-sponsored activity.

INTELLECTUAL PROPERTIES

The College encourages students to produce intellectual property directly related to course assignments. Course-related activities may be carried out with access to College facilities and equipment provided appropriate channels and guidelines are followed. The student shall adhere to the laws governing the use of copyrighted materials. Students will be governed by the following:

1. Students shall have sole ownership and equity rights to property they produce at their expense.
2. The College will be the sole owner and equity holder of property developed by the student if the College initially agreed to fund, or later, to purchase the student's project. In this case, the student may retain a copy of the project for personal use only and not for sale or distribution.
3. Any and all products of course assignments including paintings, sculptures, original musical compositions, video and audio productions, photographs, and literary works are the sole property of the student.

FINANCIAL AID

The purpose of financial aid at Clarendon College is to assist students in meeting the cost of attending Clarendon College and to help provide financial assistance to any student who might be denied a college education because of insufficient funds. Although the primary responsibility for financing an education rests with the student and his or her family, Clarendon College understands that many students will require financial assistance. Clarendon College is committed to helping students achieve their educational goals, and to facilitate that achievement, our advisors and the Financial Aid office can help you through the process of applying for federal, state, and local financial aid.

The priority deadline for applications to receive aid for the fall semester is April 1 for Clarendon College and Foundation scholarships, and July 1 for federal aid. The priority deadline for aid in the spring semesters is November 1, and April 1 is the deadline for summer financial assistance.

TEXAS TUITION REBATE PROGRAM

The State of Texas has provided a financial incentive for students to complete their bachelor's degree with as few courses outside the degree plan as possible. While Clarendon College does not provide these tuition rebates, this information is provided to encourage all students to participate in this program. All Texas residents who have taken their first college course in the Fall of 1997 or later, have taken all coursework at Texas public institutions of higher learning, and have been entitled to pay in-state tuition for the duration of their educational pursuits, are entitled to apply for this rebate program.

Students who have completed no more than 3 semester credit hours in excess of their degree plan to complete a bachelor's degree at a Texas public university are eligible to apply for this unique rebate. Interested parties may read more about this program at www.collegefortexans.com, in the Texas Education Coordinating Board Rules, Chapter 13, Subchapter E, for current and specific information concerning their degree programs and planned path to a bachelor's degree through an accredited Texas public university.

All EMS units can be reached by dialing 911. In Clarendon, medical assistance is available at the Clarendon Family Medical Center (874-3531, One Medical Center Dr.) at the student's expense.

SUPPORT SERVICES FOR STUDENTS WITH DISABILITIES

Clarendon College is aware of and deeply concerned with the unique challenges that face a student with a disability. The College is committed to reducing and/or eliminating the barriers that these students encounter. The Office of Student Affairs coordinates the physical and academic support services for any student who has special needs because of a temporary or permanent disability. The Office of Student Affairs works closely with the Texas Rehabilitation Commission, The Texas Commission for the Blind, related federal agencies, and other organizations that provide service and aid to the disabled in order to provide the fullest range of services possible.

Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990 prohibit discrimination in the recruitment, admission, and treatment of students. Students with qualified and documented disabilities may request reasonable accommodations which will enable them to participate in and benefit from educational programs and activities. Students requesting a reasonable accommodation must provide appropriate documentation of the disability, complete an application for support services, and the student must schedule and participate in an interview with the appropriate Counselor in order to review the request for accommodation, determine appropriate services and/or reasonable accommodations, and plan an educational program.

Successful accommodation often requires advance planning. Students are encouraged to make early contact with the Office of Student Affairs in order to identify needs and to ensure that services will be available in an effective and timely manner.

VOTER REGISTRATION

Students are encouraged to actively participate in the political processes through which public officials are chosen. Students may register as voters in order to facilitate this involvement while enrolled at Clarendon College. An informal voter registration application is available for Texas residents at <https://webservices.sos.state.tx.us/vrapp/index.asp>

HOUSING INFORMATION

Learning and growing at an institution of higher education is part of the academic experience. At Clarendon College, we believe that the learning experience continues long after the traditional classroom doors are closed. We believe that the residence hall setting is an ideal place to broaden your life experiences. It is a place where you can learn how to communicate and interact within a community setting, while learning, growing, and developing as an individual. These are the opportunities that await students who live in the Clarendon College Residence Halls. Clarendon College operates five air-conditioned residence halls on the main Campus. The Vice President of Student Affairs, or a resident life coordinator will be available to assist residents with issues at all times. All full-time students attending the Clarendon Campus who are not residents of Donley County and are not (a) 21-years-old or older; or (b) married; or (c) living with nuclear family members (grandparents, parents, and/or siblings) who are Donley County residents, are required to live in on-Campus residence halls as long as space is available. Permission to live off-Campus must be approved by the Vice President of Student Affairs. Clarendon College does reserve the right to refuse housing to students: Any student who has been designated as a sexually violent offender, sexually oriented offender, sexual predator, child-victim predator, habitual sex offender, or habitual child-victim offender or of any similar classification by any state or country, is not eligible for housing in any residence hall at Clarendon College.

RESIDENCE HALL INFORMATION

On-Campus residents are expected to furnish their own personal items including: sheets, pillows, pillow cases, blankets, towels, soap, etc. Washers and dryers are available at each residence hall. Neither the Pampa Center nor the Childress Center currently offers on-Campus housing for students. All students living in on-campus housing must provide evidence of Bacterial Meningitis vaccination at least 10 days prior to moving on campus. Evidence of immunization must be provided to the Coordinator of Admissions.

Wireless internet is available in all campus housing through a third party vendor, AmaTechTel. Accounts can be set up when you turn on your computer and access the Internet. Free wireless is available throughout the campus at the Library, Activity Center, the Bulldog Gym, the Fitness Center and the Instructional Building.

Phones are installed in every room for each resident. There is local 9-1-1 service. Local and long distance service can be set up through a long distance carrier by the student.

Signs will be posted with information that includes: Quiet hours, how to report maintenance issues, and identifying the Resident Hall Coordinator. Key information is also posted on the back of every dorm room door. These signs are not to be tampered with and could result in fines if removed.

RESIDENCE HALL RESERVATIONS

Each student must complete an application for College housing and pay the appropriate housing deposit. A deposit of \$150 is required for a double occupancy room. Private rooms are unavailable in the Fall Semester and on a limited availability in the Spring Semester. Students requesting a private room will be charged for both spaces in that room.

The deposit, which is in addition to the room charge, is refundable provided:

1. The student has followed proper check-out procedures.
2. The room has been inspected and cleared by the Vice President of Student Affairs or designee for damages
3. The Vice President of Student Affairs is notified in writing that the student will not be enrolled for that approaching semester prior to the appropriate deadline: May 1 for returning sophomores for the fall semester, by August 1 for incoming freshmen for the fall semester and December 1 for all residents for the spring semester.

ROOM ASSIGNMENTS

While living on campus, every effort is made to make sure every student's experience with Clarendon College is a satisfactory one. First priority for room assignments is given to accommodate returning students' preferences for housing assignments. In addition, students who notify the Vice President of Student Affairs of a disability that requires accommodation will be given a room assignment that best accommodates their needs within the resources that are available at Clarendon College. New or incoming students may request a roommate,

a specific residence hall, and/or a specific room in a particular dorm. Student preferences will be accommodated as best we can and as space permits. Room assignments are made by the Vice President of Student Affairs.

CHANGING ROOMS

Students who wish to change rooms at any time may complete a request form in the Office of Student Affairs. Every effort will be made to accommodate student requests. However, it should be noted that generally no room changes are made until two weeks (14 days) after the first day of class unless approved by the Vice President of Student Affairs. Students changing rooms without approval is prohibited. Violators must immediately return to their originally assigned rooms. Room change requests must be made in writing to the Vice President of Student Affairs. BULLDOG ALERTS

All Clarendon College Students will be enrolled in the Bulldog Alert System

The safety of all students is a major concern for the administration of Clarendon College. While efforts are made to create a safe environment that is conducive to academic success, safety is primarily the responsibility of each individual. Each student is encouraged to take appropriate safety precautions to protect his/her belongings and person. Threats to student safety must be reported to the Vice President of Student Affairs or, in an emergency, to local authorities by dialing 911. Clarendon College has joined the Panhandle Area Regional Information System (PARIS) Network to coordinate emergency communication following an emergency. The Panhandle Regional Planning Commission (PRPC) purchased and maintains the PARIS database which is a repository database with information about emergency response resources and assets in the Texas Panhandle. The system is web based and is available 24 x 7 for mutual-aid and multi-agency emergency response. In addition, the system is designed to track assets needed for disaster response and for day-to-day public safety operations.

All students regardless of enrollment status will automatically be registered for emergency notifications from the new system. If a student changes contact (email, cell-phone) information they will need to inform the Student Affairs office.

Once registered after the twelfth day of class students will be allowed to opt-out of all notifications. Students are also given the option to opt into communication regarding student activities, athletic events, and academic information. These additional notifications are completely optional, but student who opt in, receive reminders for important dates and activities. In addition to campus information, you will be given the option to receive weather alerts related to the county or area and emergency alerts related to the area and not specifically the college campuses.

It is our hope that this system will better allow the college to communicate with our employees, students and parents, and the community in the event of an emergency. We urge you to take the time to register. If you have any questions, please contact the Vice President of Student Affairs at 806-874-4861.

The general public and College Community may also enroll for notifications by visiting r2beready.com to enroll in the PARIS Network Emergency Alert System.

Please note: You must select "Donley County" and then "Clarendon College Notifications" to begin receiving notices from the College. This is necessary regardless of your current location of residence.

PETS

Pets of any kind (including fish) are not allowed in college housing. Students participating in College-sponsored programs, such as rodeo, which require students to bring their horses may do so, provided those animals are housed in the appropriate

and designated areas. Only those animals necessary for participation in a specific program may be present on Campus. Other pets are not allowed on Campus at any time. The fine for having a pet in the residence hall (first offense) is \$500.00, and the second offense is \$750 fine and disciplinary sanctions. Pets found on campus will be collected and sent to the local animal shelter. Service dog accommodations must be approved (providing official documentation) with the Vice President of Student Affairs prior to the first day of semester and residence hall move-in.

REFRIGERATORS

Students may have a refrigerator in their room, however no more than one refrigerator per room is allowed. Refrigerators must be less than 4.1 cubic feet in size.

OPEN FLAMES

Open flames of any kind are not allowed in or around the residence halls. Students may not light candles, incense, or other items that hold an open flame or heavy heat (heating bulbs). BBQ grills or pits (charcoal burning, propane gas, or otherwise) are not allowed in or around the residence halls, except designated BBQ grills provided by the College. The safety of all residents is a significant concern, and any student found violating this policy will be subject to disciplinary action.

TOBACCO

All buildings on Clarendon College campuses are tobacco free. No tobacco products (cigars, cigarettes, chewing tobacco, etc.), to include shisha (flavored tobacco), can be used in any College buildings. Products that simulate tobacco use (e-cigarettes) or use water to vaporize tobacco/nicotine, like hookahs, are also prohibited. All College vehicles are also tobacco free covered under this policy. Students found using any form of tobacco in college facilities/vehicles may be fined \$50 for each offense.

RESIDENCE HALL VISITATION

Residents in the residence halls may have visitors between noon and 10pm Sunday through Thursday. The weekend hours (Friday and Saturdays) are noon until midnight. All visitors must be accompanied by a resident student assigned to the room in which they are visiting. Violation of the visitation hours will result in disciplinary action and loss of visitation privileges. Guidelines for visitation hours may be altered upon recommendation of the Vice President of Student of Affairs and the approval of the Vice President of Academic Affairs.

STUDY COURTESY / QUIET HOURS

Consideration for other residents should be observed at all times, especially with regard to noise. The observed Quiet Hours will run from 10:00 pm-9:00 am 7 days a week. During these hours, any noise that can be heard outside of the room which can disturb others is not allowed. Each resident should remember that good judgment should be observed at all times regarding noise. Disciplinary actions may be taken against students who violate this policy.

RESIDENT IDENTIFICATION

During the registration process, each student will be issued a student ID card "Bulldog Scratch". This card must be presented at meal times and should be carried on the student at all times while on campus. The ID card is property of Clarendon College and must be presented to a college official upon request. Failure to produce proper ID may result in disciplinary action or the removal from campus until proper ID can be presented.

GENERAL EXPECTATIONS OF CONDUCT

Resident students are expected to conduct themselves as adults, to respect the rights of others, and to take care of and respect the facilities and equipment provided by Clarendon College. Students are also expected to conduct themselves according to the Clarendon College Code of Student Conduct, to conduct themselves according to the acceptable standards of the Clarendon College family, and to accept individual responsibility for their actions, as an important aspect of group living. Consideration for others is the basic principle that will be followed by all residents. Each resident possesses individual rights, which will be respected. These rights carry a reciprocal responsibility in that each resident will respect these same rights for all others in return.

As adults, all residents are individually and collectively responsible for their behavior and are fully accountable for their actions. Lack of knowledge of specific policies will not be an excuse for breaking Clarendon College or State of Texas policies or laws. Such behavior may result in disciplinary action, which can include but is not limited to, warning or reprimand, specified restrictions, monetary fines, community service, disciplinary probation, suspension, and/or expulsion. These restitutions are not for the gain of the College, but for the acknowledgement that certain actions will not be tolerated, on or in representation of Clarendon College and its campuses. For additional information concerning student conduct, see the sections in this Handbook on Student Code of Conduct, Student Discipline, and Student Appeals and Grievance Procedure.

RESIDENCE LIFE COORDINATORS

Each residence hall is assigned a Residence Life Coordinator. Residence Life Coordinators are responsible for supervising their assigned hall and providing on-call services during weekends. They are responsible for enforcing college rules and regulations in the residence halls, and they report to the Vice President of Student Affairs.

CHECK-IN & CHECK-OUT

All students must check-in through their assigned Residence Life Coordinator (and/or Vice President of Student Affairs) in order to acquire their key and begin moving into their room. A room condition form must be completed prior to move-in. Other specific instructions on paperwork completion will be given at time of check-in.

All students must check-out through their assigned Residence Life Coordinator (and/or Vice President of Student Affairs) with the proper paperwork and procedures completed to remain in good standing. The room condition form must be completed, and new damages noted, before leaving the Campus. When vacating a residence hall, students must remove all of their personal belongings, furniture and clean the room. Failure to complete the process in an appropriate manner will result in specific fines or forfeiture of a student's residence hall deposit. All requests to change rooms must be addressed through the Vice President of Student Affairs.

HOLIDAYS

Clarendon College residence halls are officially closed for holidays and certain breaks in accordance with the Clarendon College Calendar. Students may leave personal belongings and furniture during these breaks and holiday periods. However, students are encouraged to remove all valuables from the resident halls during these periods to reduce the opportunity for theft. When the College is closed for Thanksgiving Break, Christmas Break, and Spring Break all students must vacate the residence halls. Students who need to stay in the residence halls during breaks must notify the Vice President of Student Affairs and obtain approval. Additional charges and conditions may apply to early and/or extended occupancy.

KEYS

All keys are the property of Clarendon College and may not be duplicated or shared. Every resident will receive a key upon check-in. Each resident is responsible for their own key. Missing keys should be reported to the Vice President of Student Affairs immediately. A replacement key will be issued and a \$15 fee will be assessed. Sharing of keys is prohibited and is considered a security violation. Upon check-out, all keys must be returned to the Residence Life Coordinator. Failure to return keys at that time will result in a \$50 fine.

HEALTH AND SAFETY CHECKS

The College reserves the right to enter assigned rooms of residents in the performance of legitimate functions, including, but not limited to; maintenance, emergency situations, possible violations of college policy, civil or criminal law violations, and to ensure that safety and sanitation standards are being observed.

Clarendon College reserves the right to implement regular health and safety checks of its residence halls as is deemed necessary by college officials. The purpose of the health and safety check will be to provide a safe environment for all residence hall occupants. The check will consist of, but is not limited to, the cleanliness of the room, inspection of all outlets to insure that they are not overloaded, and/or inspection for other fire hazards. The Vice President of Student Affairs can and will perform random room inspections targeting cleanliness, health and safety as well as check for any damages. These inspections may be conducted at any time. A trained and certified canine unit (trainer and dog) may be used in conjunction with health and safety checks. If prohibited items are found, a more comprehensive search of the room will be performed.

Fire and other safety drills will be conducted each semester as part of College's commitment to safety for students, faculty and staff.

ROOM APPEARANCE / SANITARY LIVING

Rooms must be kept clean and orderly. Waste must be removed regularly and placed in the appropriate trash dumpster located near each residence hall. Students should not leave trash in hallways, lobbies, laundry rooms, or outside of buildings (parking lots). If a student is caught violating the above statement they can be assessed a \$25 fine. Students should keep dirty clothes in laundry containers. Remember, room inspections may be conducted without notice and unsanitary living conditions will be immediately addressed.

LITTER

Please help us keep our campus clean and safe by taking all waste to the appropriate trash areas located in close proximity to each residence hall. Any individual caught leaving trash outside their door, in common areas, and/or littering will be held accountable through the Vice President of Student Affairs and may be assessed a fine for campus littering of \$25.

DAMAGES

After all residents are completely checked out, additional inspections will be conducted by the Vice President of Student Affairs and Maintenance to note missing or damaged furniture, damage to floors, walls, doors, closet doors that have been removed, ceilings, electrical fixtures, windows, mini-blinds, locks, phones, and/or custodial services required to return your room, suite, or bathrooms to its original condition. If any damages are noted, you will receive a bill for the damages. All room or suite occupants will be held financially accountable for the condition of the common areas, lobbies, shared bathrooms, hallways or laundry facilities. Unless specific individuals accept financial responsibility for damage, missing furniture or dirty conditions in these areas, each resident of that room or suite will receive a bill for the charges.

LIABILITY

Clarendon College assumes no responsibility for loss or damage of personal property as result of theft, fire, vandalism, or maintenance failure. Each student is encouraged to carry personal property insurance or be covered under his/her parent's home owner's policy (students should have their parents contact their insurance companies for more details).

EXTENSION CORDS

All extension cords not specifically approved by the Vice President of Student Affairs are prohibited. Acceptable cords include those containing an in-line fuse or circuit breaker. Questions pertaining to approved types of extension cords should be directed to the Vice President of Student Affairs.

LIVING OFF-CAMPUS

If space is not available in the College's residence halls, the Vice President of Student Affairs must give approval for students, who would be normally required to live on campus, permission to live off campus. Should a student have approval to live off-Campus and a room becomes available in the residence halls, the vacant room will be filled according to these procedures:

1. A chronological list of those receiving approval for off-Campus housing will be kept.
2. As space becomes available, the last off-Campus request will be the first to move into the residence halls.
3. Filling on-Campus room vacancies may be done on the first of each month.
4. The room-and-board charges will be prorated on the total cost for a semester.

STUDENT LIFE SEMESTER MEETINGS

Health Risks of Alcohol

Health hazards associated with excessive use of alcohol or alcohol dependency include dramatic behavioral changes, retardation of motor skills, and impairment of reasoning and rational thinking. These factors result in a higher incidence of accidents and accidental death for such persons than for nonusers of alcohol.

Nutrition also suffers, and vitamin and mineral deficiencies are frequent. Prolonged alcohol abuse causes bleeding from the intestinal tract, damage to nerves and the brain, psychotic behavior, loss of memory and coordination. Damage to the liver often results in cirrhosis, impotence, severe inflammation of the pancreas, and damage to the bone marrow, heart, testes, ovaries and muscles. Damage to nerves and organs is usually irreversible.

Any act of academic dishonesty will be regarded by the faculty and administration as a serious offense. Academic dishonesty violations include, but are not limited to:

1. obtaining an examination, classroom activity, or laboratory exercise by stealing or collusion;
2. discovering the content of an examination, classroom activity, laboratory exercise, or homework assignment before it is given;
3. observing the work of another during an examination or providing answers to another during the course of an examination;
4. using an unauthorized source of information during an examination, classroom activity, laboratory exercise, or homework assignment;
5. entering an office, classroom, laboratory, or building to obtain an unfair advantage;

purchased or acquired from any source, written by someone other than the student claiming credit, or stolen from another student.)

Students are responsible for reporting known acts of academic dishonesty to a faculty member, the program coordinator, the vice president, and/or dean. Any student with knowledge of a violation who fails to report it shall him/herself be in violation and shall be considered to have committed an act of academic dishonesty.

While academic integrity and honesty are the responsibility of the individual student, each individual faculty member, teaching assistant, and/or laboratory instructor is responsible for classroom management and for maintaining ethical behavior within the classroom and/or laboratory. Faculty who discover or suspect a violation should discuss the matter with the suspected violator(s) and attempt to resolve the case at that point. In cases of convincing evidence, the faculty member should take appropriate action. The faculty member and student should complete a Counseling Sheet regarding the violation. (The Counseling Sheet should contain at a minimum the date and time of the violation, the course, the instructor's name, the student's name, an explanation of the infraction or facts of the case, and the resolution to the incident.) This form should be signed by the student, faculty member, program coordinator, and the Vice President of Academic Affairs. The Vice President of Academic Affairs will maintain a file on all violations. If a faculty member prefers to report the case directly to Vice President of Academic Affairs, it remains his/her prerogative to do so. Additionally, if the faculty member and the accused student cannot reach a resolution or if the faculty member believes that suspension from school is the only fair sanction, the case should immediately be reported, by the faculty member, in writing, to the Vice President of Academic Affairs. If the Vice President of Academic Affairs observes any trends in student behavior which involve more than one violation or act of academic dishonesty, the Vice President of Academic Affairs is responsible for notifying all faculty members involved, for contacting the student(s) involved, and after consultation with the faculty member(s) involved for taking the appropriate action. The Vice President of Academic Affairs is responsible for the timely notification (normally within two weeks) to all parties of an action taken.

Faculty, staff, or other students may wish to counsel a student to seek assistance through a voluntary referral to the Associate Dean if a perceived problem with alcohol or substance abuse exists. No record regarding the contact with the Associate Dean, the referral to an outside agency or actions taken as an outcome of that referral will be entered as part of the student's permanent record. A student who is disruptive of the academic process, or ordinary functions of the College, and/or who is verbally or physically abusive to students, faculty, or staff, and who exhibits symptoms which suggest the possibility of alcohol or drug-related causes of this behavior, may receive a referral to the Associate Dean. The Associate Dean will meet with the student, and should circumstances so indicate, discuss with the student the possibilities for self-referral to seek assistance for any problem of alcohol or drug abuse which may exist. The student will choose whether to seek this assistance which shall be on the same basis as a "voluntary referral" described above. Should the student choose to seek assistance, the College may consider this action as a mitigating circumstance in the deliberations regarding the student's status at the institution due to the alleged violation of the Code of Conduct.

It is important to note that Clarendon College may proceed simultaneously with disciplinary action and the Student Assistance Program Referral if the student has violated the Clarendon College Student Code of Conduct which specifically prohibits the possession or use of drugs or alcohol.

Restriction or Denial of College Services: Restricted from use or denial of specified college services, including participation in college activities.

Any student charged with an offense for which he/she could be suspended or expelled, shall be entitled to a hearing before the Student Appeals and Grievance Committee.

Any order suspending or expelling a student shall be final, unless, within three (3) working days following the entry thereof, the student lodges a written appeal with the Vice President of Academic Affairs or designee.

STUDENT APPEALS

The appeals procedure at Clarendon College shall serve two purposes: to determine whether an injury alleged by the grievant was the result of an error in the institution's policies and procedures or in their administration, and if an error is established, to determine an equitable redress for the grievant.

APPEALABLE ISSUES

The appealable issues shall include selection and admission policies for students, a discriminatory action, racial or sexual harassment, attendance policies, grades awarded, disciplinary decisions, extracurricular activities, and athletics. The purpose of the appeals procedure of Clarendon College is to insure to all persons involved fair and equitable treatment and to develop a clear documentation trail for each case arising out of institutional conflict.

MECHANISM

When the grievant is a student of Clarendon College, this appeals procedure shall consist of the following sequence of events:

INFORMAL MEETING

All appeals voiced by students of Clarendon College must first be aired in an informal meeting between the student and the College representative directly involved (i.e., instructor, coach, and administrator). At this face-to-face meeting, a bonafide attempt must be made to resolve the issues(s) in question. It shall be the responsibility of the student grievant to:

1. Explain fully the nature of the appeal;
2. When and under what conditions the alleged injustice occurred;
3. What redress is expected.

The College representative (instructor, coach, administrator, etc.) involved in the dispute shall have the responsibility to:

1. Hear the appeal;
2. Make an honest attempt to resolve the issue;
3. If resolution is not possible at that level, to refer the problem to the Vice President of Academic Affairs.

It shall also be the responsibility of the College representative to document the meeting in writing to include the date, location, person(s) involved, issues discussed, and results achieved.

STUDENT DUE PROCESS

When attempts at informal resolution of a student complaint have failed, a student may appeal a College policy or its administration in the following manner:

- 1) A written appeal, grievance, or complaint must be filed with the Vice President of Academic Affairs not later than three (3) days after the occurrence of the event;
- 2) The written complaint must include at least:
 - a) date of the incident (injury alleged by the grievant),
 - b) nature of the appeal or the complaint,
 - c) person(s) involved, and
 - d) type of redress sought;
- 3) The Vice President of Academic Affairs shall notify the chairperson of the Student Appeals and Grievance Committee of the Complaint immediately upon receipt;
- 4) The chairperson of the Student Appeals and Grievance Committee shall set the date, time, and place of a hearing to be held not later than seven (7) school days after receipt of the written complaint, and shall so inform the student grievant and all committee members. Additional information desired concerning the process or the procedures may be obtained by contacting the Vice President of Academic Affairs.

STUDENT RIGHTS REGARDING SUSPENSION

Before formal charges are presented in cases where students may be suspended or expelled, students are informed of the following rights:

- 5) To seek a faculty advisor who may accompany the student during the appeals process; Note: (It is the policy of the College that legal counsel not become involved in such matters unless the case is handled in a court of law.)
- 6) To be informed of the nature of the allegation, charges, or reports brought against him/ her;
- 7) No person should be required to testify against himself/herself;
- 8) To present testimony or witnesses with respect to the complaint;
- 9) To be notified of decisions reached regarding his/her case;
- 10) To appeal the decision to the Student Appeals and Grievance Committee.

APPEAL TO THE PRESIDENT

All cases may be appealed by the student or referred by the Committee to the President of the College. An appeal submitted by the student must be submitted to the College President within three (3) working days after the Student Appeals and Grievance committee has rendered its decision.

APPEAL TO THE BOARD OF REGENTS

The final appeal may be made to the Board of Regents. Students wishing to appeal the decision of the College President must provide notification to the President of such appeal within three (3) working day of the decision rendered. The decision of the Board of Regents is final.

FORMAL STUDENT COMPLAINTS

A student who has a complaint may submit the complaint in writing to the Vice President of Academic Affairs.

Texas Higher Education Coordinating Board

FINANCIAL AID APPEAL PROCEDURE

Students placed on financial aid suspension due to lack of Satisfactory Academic Progress (SAP) may appeal the denial of financial aid if an unusual or extraordinary situation affected the student's progression toward the successful completion of his or her program of study. Some examples of unusual circumstances include injury or illness of the student or family member, death of a relative of the student, maximum time limit exceeded, or other documented special circumstance. The appeal must be submitted in writing to the financial aid office and must include supporting documentation. Appeals submitted without supporting documentation is considered incomplete and will be denied. The appeal must explain why the student failed to meet satisfactory progress standards, this includes, what has changed in the student's situation that would allow the student to meet satisfactory academic progress at the next financial aid SAP evaluation. An appeal may be approved only if the financial aid office has determined that the student will be able to meet SAP minimum standards after the subsequent semester. The financial aid office also has the option to develop an academic plan with the student that, if followed, will ensure that the student is able to meet financial aid SAP standards by a specific point in time. Students who are appealing the maximum time frame limit must provide a copy of their degree plan that has been signed by the students' academic advisor. The financial aid office will notify students in writing and/or email of the results in a timely manner after receiving all required/requested documentation. Students whose appeal is denied has the option to submit a second appeal in writing to the Scholarship Committee. The second appeal should be submitted to the financial aid office who will, in turn, submit it to the Scholarship Committee. The Scholarship Committee's decision will be final and will be reported to the student in writing and/or by email in a timely manner. Students who successfully appeal their financial aid suspension status will be placed on financial aid probation. Clarendon College can require that a student on probation fulfill specific terms and conditions, such as taking a reduced course load or enrolling in specific courses. A student on financial aid probation may receive financial aid for one semester only. At the end of that semester, the student must meet Clarendon

College's financial aid satisfactory academic progress standards or the requirements of the established individual academic plan to maintain financial aid eligibility. Failure to do so will result in the student being placed on financial aid suspension.

CAMPUS SAFETY & TRAFFIC

All criminal action, security problems, or other related emergencies on the Clarendon Campus may be handled initially by the Vice President of Student Affairs, the student services staff, and/or the Donley County Sheriff's Office. Representatives of the Sheriff's Office have the authority to have one arrested for disorderly conduct, public intoxication, or any other violation of state law or Campus rules and regulations. A report of all incidents will be filed with the Vice President of Student Affairs.

CAMPUS SAFETY

The safety of all students is a major concern for the administration at Clarendon College. Each student is encouraged to take appropriate safety precautions to protect his/her belongings and person. Threats to student safety may be reported to the Vice President of Student Affairs or in an emergency, to local authorities by dialing 911. In the event of campus emergency students, faculty and staff may voluntarily elect to be notified by signing up for the Bulldog Alert. SEXUAL HARASSEMENT

Student Complaint Procedure

A student who believes he or she has been or is being subjected to any form of sexual harassment shall bring the matter to the attention of the Vice President of Academic Affairs or the designee in accordance with the procedures in the College's complaints policy. However, no procedure or step in that policy shall have the effect of requiring the student alleging harassment to present the matter to a person who is the subject of the complaint. Nor shall a sexual harassment complaint be dismissed because it is not filed within the time lines set out.

Sexual harassment includes such behavior as sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature directed toward an employee, student, or job applicant, particularly when one or more of the following circumstances are present.

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education.
- Submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting that individual.
- Such conduct has the purpose or effect of substantially interfering with an individual's academic or professional performance or creating an intimidating, hostile, or offensive employment or educational environment.

In determining whether alleged behavior constitutes sexual harassment, Clarendon College will examine the record as a whole and all aspects of the circumstances, such as the nature of the sexual advances and the context in which the alleged incidents occurred.

If the allegation of sexual harassment involves an administrator, faculty member or classified employee of the College, provisions of the "Discrimination" policy stated above will be followed. If the allegation involves a student or students, it will be handled in keeping with the "Student Conduct/Disciplinary Procedures" as stated in this publication. If a student has questions concerning these policies or procedures, he/she should contact the Vice President of Academic Affairs at 806-874-4807.

TIMELY WARNING VS. EMERGENCY NOTIFICATION

Federal law has required that colleges issue "Timely Warnings" of potential dangers to the campus community involving criminal activity. While such warnings must be "timely," they need not be immediate, and can await the results of investigations into the danger. Recent events have caused colleges to develop emergency notification systems that could quickly notify all or selected members of the campus community of immediate danger including active shooters, fires or severe and dangerous weather incidents.

TESTING EMERGENCY NOTIFICATION

The Clarendon College emergency response procedures are tested, at minimum, on an annual basis. Other tests are conducted as needed or scheduled. The test will include drills, exercises, and appropriate follow-through activities, designed for assessment and evaluation of emergency plans and capabilities. Any test conducted may or may not be announced in advance. Clarendon College will publicize its emergency response and procedures in conjunction with the annual test. This publication will be outlined on the Clarendon college website. Each test will be monitored by designated college officials. All test will be documented and contain a description of the exercise, date the test was held, time started and ended and whether the test was announced or unannounced. As with all *Clery* - related documentation, Clarendon College maintains the emergency test documentation for seven years.

MISSING STUDENT NOTIFICATION

In accordance with the requirements of the Higher Education Opportunity Act of 2008. If a member of the College Community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately contact the Office of Student Services. Upon receiving information that a student cannot be located and may be missing, Student Affairs personnel will immediately initiate an investigation which will include the following:

1. Conduct a welfare check into the student's room
2. Call known contacts (parents, guardians, roommates, and friends).
3. Contact employers and associates, if known.
4. Contact the student's professor to ascertain the student's recent attendance in class.
5. If the student has a vehicle, Student Affairs Staff will attempt to locate the vehicle.

If the student cannot be located after reasonable efforts, Student Affairs personnel will then contact the student's emergency contacts no later than 24 hours after the student has been determined to be missing. Student Affairs will file appropriate reports with the Donley County Sheriff's Office to initiate an investigation.

All first time students must provide evidence the student has been vaccinated against bacterial meningitis least ten (10) days prior to the student attending classes. The Coordinator of Admissions shall be the College's designated official responsible for receiving student evidence of bacterial meningitis. Schanbaum / Willis Act 2011 SB1107 82(R) [FDAB] Evidence of immunizations may be in the form of an affidavit signed by a duly registered and licensed physician (M.D. or D.O.) or an official immunization record. A student may be exempt from this requirement provided:

This affidavit will be valid for a two-year period. A conscientious exemption form from the Texas Department of State Health Services must be used.
- c. Proof the student is a member of the armed forces of the United States and is on active duty.
