

# OSHT 1305 OSHA Regulations

## Construction Industry

### SYLLABUS

#### CLARENDON COLLEGE

#### Division of Business and Technology

Course Name: OSHT 1305 OSHA Regulations-Construction Industry

Credit Hours: 3

Semester: Fall 2010

Classroom Location: Online

Instructor: John Havens

Office Location: Clarendon College Pampa Center

Phone: 806-336-3266

Email: [john.havens@clarendoncollege.edu](mailto:john.havens@clarendoncollege.edu)

Fax: 806-874-3201

Other: 806-874-0069 (Home) No Call after 10:00 P.M. Please

#### Office Hours:

**Comment:** 1:30PM – 4:30PM M-T, 8AM – 12PM Friday

#### Course Description:

A study of Occupational Safety and Health Administration (OSHA) regulations pertinent to the construction industry.

#### Statement of Purpose:

This course satisfies the OSHA safety component of the Wind Energy program of Study

#### Required Instructional Materials: Internet Access

#### **Textbook:**

VanCise, David and Martha Construction Industry Guide to OSHA, Berne NY 12023, UHAI Publishing Inc., 2004

#### **Other Relevant Materials:**

Online supplemental reading

#### Student Requirements

Personal computer with online access

#### Methods of Instruction

Readings, internet, e-mail, chat, etc.)

#### Course Objectives

As a result of this course, you should be able to: understand the concept of the Occupational Health and Safety Act instituted for industry and construction implemented by the US Federal Government and how it is designed to protect workers.

#### Grading Policies:

**Comment:** List a breakdown of how your course will be graded. All academic courses are required to have a final exam or its equivalent. Faculty should generally follow the grading scale as stated in the college catalog.

The final semester grades will be figured as set in the current catalog:

90 to 100 = A

80 to 89 = B

70 to 79 = C

60 to 69 = D

Below 59 = F

*A student's final grade will be made available through Campus Connect at Clarendon College's website.*

### **Classroom Policies:**

#### Classroom Conduct

Failure to comply with lawful direction of a classroom instructor is a disruption for all students enrolled in the class. Cheating violations include, but are not limited to: (1) obtaining an examination, classroom activity, or laboratory exercise by stealing or collusion; (2) discovering the content of an examination, classroom activity, laboratory exercise, or homework assignment before it is given; (3) using an unauthorized source of information during an examination, classroom activity, laboratory exercise, or homework assignment; (4) entering an office or building to obtain unfair advantage; (5) taking an examination for another person; (6) completing a classroom activity, laboratory exercise, homework assignment, or research paper for another person; (7) altering grade records; (8) using any unauthorized form of electronic communication device during an examination, classroom activity, or laboratory exercise; (9) Plagiarism. Plagiarism is the using, stating, offering, or reporting as one's own, an idea, expression, or production of another person without proper credit.

Disciplinary actions for cheating in a course are at the discretion of the individual instructor. The instructor of that course will file a report with the Dean of Students when a student is caught cheating in the course, whether it be a workforce or academic course. The report shall include the course, instructor, student's name, and the type of cheating involved.

Students who are reported as cheating to the Dean of Students more than once shall be disciplined by the Dean. The Dean will notify all involved parties within fourteen days of any action taken.

#### American with Disabilities Act Statement:

Clarendon College provides reasonable accommodations for persons with temporary or permanent disabilities. Should you require special accommodations, notify the Office of Student Services (806-874-3571 or 800-687-9737). We will work with you to make whatever accommodations we need to make.

#### Dropping a Course:

A student who is enrolled in a developmental course for TSI purposes may not drop his/her only developmental course unless the student completely withdraws from the college. A student may drop any other course with a grade of "W" any time after the census date for the semester and on or before the end of the 12<sup>th</sup> week of a long semester, or on or before the last day to drop a class of a term as designated in the college calendar. The request for permission to drop a course is initiated by the student by procuring a drop form from the Office of Student Services. (Refer to other policies concerning this issue in the current college catalog online.)

#### Withdrawal from College:

When a student finds it necessary to withdraw from school before the end of the semester, he or she should obtain a withdrawal form from the Office of Student Services. Students may also withdraw from the college by sending a written request for such action to the Registrar's Office. The request must include the student's signature, the student's current address, social security number and course information details. Students who withdraw after the census date for the semester and on or before the end of the 12<sup>th</sup> week of a long semester, or on or before the last day to drop a class of a term as designated in the college calendar will be assigned a grade of "W."

All Quizzes and Tests will be extracted from reading the material from the book chapters and the online reading material. Therefore it is imperative both sources be studied for successful completion of this course of study.
