***This request must be filled out in its entirety and submitted to the Testing Coordinator.***

Once enrolled in a developmental class, students may take the Accuplacer before the 12th day of class or after the 12th week of class. Upon obtaining a passing score on the appropriate Accuplacer test, the student will earn their current class grade in the developmental class. If the student is enrolled in the final level of developmental, they will be allowed to take regular courses the following semester. If the student is in the first level of developmental, this request will allow them to take the next level of developmental the following semester. If a student does not pass the Accuplacer test, they will remain in the current developmental course. ***Students only have one opportunity to test out of a developmental course.***
