

Reference Services

Librarians are available to help you with your library research. We will gladly teach you how to use the Library's databases, print collection and other resources, and answer any questions you have about the Library and its services.

Reference staff will help you:

- Find a variety of information on a topic
- Choose appropriate sources for your assignments and projects
- Develop strategies for searching the journal databases, the CC online catalog and the Internet
- Use reference books and other print collections
- Borrow sources from other libraries through interlibrary loan
- Manage and organize your sources and keep track of your research

Contact us during library hours in person, or at 806-874-3571 ext. 116, or anytime at pamela.reed@clarendoncollege.edu
