

The Learning Resource Center (LRC) is located within the library. The LRC offers free one-on-one tutoring in a pleasant and quiet environment for all Clarendon College students.

Simply come by and set up an appointment with a tutor who specializes in the subject you need assistance in. Tutors are also available on a drop in basis during certain hours of the day. The tutors' names, their available hours, and the subjects they tutor are posted weekly.

In addition to one-on-one tutoring, we also offer study groups to help you prepare for exams, fun activities such as pizza nights and movie nights, and free coffee and hot chocolate. All of these services and activities are free for students who frequently use the LRC and the library to study.

So, drop in for a tour and a cup of coffee, and let us explain in more detail how we can help you be a successful student here at Clarendon College.

**"Treat people as if they were what they ought to be
and you help them become what they are capable of becoming."
- Goethe**
