LRC Mission Statement

The mission of the Learning Resource Center is to provide tutoring services in a welcoming and supportive atmosphere where Clarendon College students can achieve their academic goals and develop lifetime critical thinking skills. The Learning Resource Center strives to fulfill this mission by:

1. Providing excellence in tutoring services;
2. Offering students individual and group tutoring at convenient times;
3. Supplying electronic and printed learning resources that supplement the curriculum; and by ...
4. Sponsoring and hosting events that promote and enhance student learning.

Tutors are also available on a drop in basis during evening hours each weekday except Saturday. The tutors' names, their available hours, and the subjects they tutor are posted at their LRC workstations. You may also request an appointment if you cannot come in during scheduled hours.

In addition to one-on-one tutoring, we offer study groups to help you prepare for exams, workshops, and fun activities such as pizza nights and movie nights. All services and activities are free for students who frequently use the LRC and the library to study.

So, drop in for a tour, and let us explain in more detail how we can help you be a successful student here at Clarendon College.
